

Poland : Qair and Vibracoustic sign long term cPPA

PRESS RELEASE

Wrocław, July, XY 2024 – Qair, an independent renewable energy company and Vibracoustic, a leading global automotive noise, vibration and harshness (NVH) expert announce today the signing of a 12-year corporate power purchase agreement (cPPA).

Qair will provide electricity to Vibracoustic on a 'pay-as-produced' basis, sourced from Qair's portfolio of wind and solar power projects, offering optimal energy availability and reliability.

Over the contract period, an estimated total of 180 GWh of energy will be generated, effectively preventing the emission of nearly 146,000 tons of CO2 annually.

About Qair in Poland

Qair has been operating on the Polish market since 2015 and currently employs more than 100 specialists. The company's portfolio of wind and PV assets includes: 397MW of fully operational projects and 162 MW projects under constructio. Qair Polska offers energy sales to large businesses under long-term cPPAs. To date, the capacity of contracted capacity amounts nearly to 4 TWh on the 15-year horizon.
